

Define Ventures Summer MBA Venture Capital Fellowship Program

[Define Ventures](#) is an early-stage venture capital firm that partners with entrepreneurs who are redefining healthcare. Central to Define's investment thesis is the unprecedented opportunity in the intersection of healthcare, technology, and consumer trends. We believe the front door of healthcare will emulate any other consumer experience, data liquidity and analytic platforms will deliver a personalized experience, and therapeutics and services will be delivered digitally.

Define is one of the most active institutional investors in healthcare and we have partnered with several category-defining companies across the landscape -- Hims & Hers (public), Centivo, Cohere, Folx, Found, Lightship, Tia, Unite Us, Upstream, Verana Health, among others. We have over \$800M under management across five funds and have partnered with a total of 22 companies to date.

The **Summer Fellowship** is a paid, full-time position for the summer and will support our efforts as we continue to partner with the industry's leading entrepreneurs. The ideal candidate will:

- Currently be in the first year of a two-year MBA program at a top tier institution, on track to graduate in the spring of 2025
- Possess an entrepreneurial spirit, demonstrated through a track record of personal, professional, and academic success
- Have a strong passion for healthcare and an interest in technology and consumer trends
- Prior working experience in consulting, investment banking, private equity and/or venture capital is a plus but not required
- Exceptional candidates will also have experience at a digital health startup or strategic payor, provider, or life sciences company

We believe in true teamwork and partnership, which is why Define Fellows will gain significant exposure to several aspects of Define Ventures, including: investment thesis development, deal sourcing, partner company support, and additional strategic projects. Fellows are valued members of the deal team with full exposure to all aspects of the investing process.

Interested candidates should submit a resume to Hong Truong (hong@definevc.com) & Garrett Howard (garrett@definevc.com) by **Sunday, February 11th** EOD. Define is proud to be a female-founded, diverse team of individuals. We encourage qualified candidates from all backgrounds to apply! Feel free to be in touch with any questions.
